

Our Mission Statement

To promote business, enhance economic and community development, and serve as a catalyst for improving the overall quality of life in Bandon and the surrounding community.

Our Purpose

- To sustain, promote and improve Bandon economically, aesthetically and culturally as a unique and preferred place to live and work;
- To attract new business and foster development of existing enterprise;
- To attract greater numbers of visitors and increase the length of their stay.

Invest in your community.

If you do what you can to make our community a little stronger, not only is that the right thing to do, not only are you supporting the people that support you, but you are helping the economy for the future of your business.

And, the stronger/larger your company grows, the more you can do to help your community

At the Chamber, we are constantly making sure that we are of benefit to the greater business community. Our most recent successes were, and we continue, to stand right beside our members as we all navigate the challenges of COVID-19.

The Chamber is also responsible for promoting, sustaining, and developing business in Bandon. One primary focus is to direct advertising monies to stimulate tourism and business in our special and unique community. We also manage and operate the Visitor Information Center located in Old Town.
